This application is in condition for allowance except for the presence of claims 1-37 and claims 65-81 to inventions non-elected without traverse. Accordingly, claims 1-37 and claims 65-81 have been cancelled.

In accordance with MPEP 608.02(w) the following drawing corrections are required: In Fig. 6A the spelling of --respondent-- must be corrected. The spelling of --respondent-- also must be corrected in Fig. 7A (where the word appears twice).

The following is a statement of reasons for the indication of allowable subject matter:

Claim 38 and its dependent claims are allowed since claim 38 recites the steps of obtaining data in a spindle apparatus related to rotation of a rotating member in the spindle apparatus disposed within a product roll in which the product upon the roll is separated into a plurality of units the data representing values proportional to the degree of rotation of the rotating member and computing by a microprocessor a set of parameters or values from said data.

Claim 50 and its dependent claims are allowed since claim 50 recites the steps of providing a spindle assembly operably connected within a product roll, accumulating data within said spindle assembly, the data

Art Unit: 3765

comprising at least the amount of product pulled from the roll, and transmitting a signal comprising in part said data from the spindle assembly to a receiver.

Claim 95 and its dependent claims are allowed since claim 95 recites the steps of providing a spindle assembly, accumulating data using said spindle assembly, the data comprising at least the amount of product pulled from a product roll with a corresponding date and time, and wirelessly transmitting a signal comprising in part said data from the spindle assembly to the receiver.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
